

Claims Submission

Claims for MTM services must be submitted to HealthPartners electronically on a HCFA 1500 form using the 837 transaction standard. HealthPartners works with several clearinghouses to accept electronic claims.

Providers without a documentation system that can create and send electronic claims can find out more information, including links to clearinghouses that are free to use for submission of claims to HealthPartners, at the following link <https://www.healthpartners.com/provider-public/edi/claims-submission>
